

# Off-campus Sites and Regional Colleges

Students who live outside of Saskatoon can begin their studies in the **College of Arts and Science**, **College of Agriculture and Bioresources** and the **College of Education** at one of our off-campus sites affiliated with our Regional College partners. Some degree programs can even be completed at these sites.

If your student would like to begin their uSask degree program off-campus, the application process is the same as for students applying to the main campus in Saskatoon. There is a question on the admission application asking if the student would like to study at an off-campus location. Students can indicate on the application which off-campus site they prefer.

## Off-Campus Sites

- **Prince Albert and area:**  
uSask Prince Albert campus
- **Melfort, Nipawin, Tisdale and area:**  
Cumberland College
- **Swift Current and area:**  
Great Plains College
- **North Battleford, Meadow Lake and area:**  
North West College
- **Yorkton, Canora, Fort Qu'Appelle, Melville and area:**  
Parkland College
- **La Ronge, Creighton, Île-à-la-Crosse, Buffalo Narrows:**  
Northlands College
- **Muenster and area:**  
St. Peter's College

*Note: St. Peter's College is the only off-campus site that also offers Edwards School of Business, Engineering and Kinesiology classes.*

## Benefits of studying off-campus

### Flexibility

Starting a degree closer to home is a great way to ease the transition to university. University of Saskatchewan students studying in their home communities can enjoy more flexibility in balancing studies with work and family life.

### Focused support

In addition to support services available to all uSask students, individualized program and career counselling, essay writing support, course-focused group discussions and tutoring are all available at off-campus sites.

### Personalized instruction

Classes at off-campus sites tend to be smaller and provide more one-on-one interaction with instructors and tutors. Classes are delivered in a variety of formats including face-to-face, online, live-streamed, independent study or a combination of these options.

### Save money

By studying closer to their home communities, students can save significantly on living costs. And, as full-time uSask students at off-campus sites, they can apply for both uSask scholarships and bursaries, as well as awards offered by their regional college.

### Next Steps

- Have the student talk to a uSask advisor
- Have them meet with the local advisor at the off-campus site
- They can learn more and apply for uSask programs and off-campus study options at [admissions.usask.ca](https://admissions.usask.ca).

## Programs available at other sites

### College of Education (Indigenous Teaching Programs)

There are several Aboriginal and northern teacher education programs available in communities throughout the province

- Indian Teacher Education Program (ITEP)
- Saskatchewan Urban Native Teacher Education Program (SUNTEP)

Visit [admissions.usask.ca/colleges/education.php](https://admissions.usask.ca/colleges/education.php) for more information.

### College of Nursing

The four-year Bachelor of Science in Nursing (BSN) program is available in:

- Saskatoon
- Regina
- Prince Albert
- Yorkton
- the North (Île-à-la-Crosse and La Ronge)

Visit [admissions.usask.ca/nursing.php](https://admissions.usask.ca/nursing.php) for more information.
