

UNIVERSITY OF
SASKATCHEWAN

An admission average is calculated using subjects and grades that appear on applicants' high school transcripts using this five-mark formula:

* Subjects that can only be used in an admission average calculation for specific colleges cannot be used for consideration for non-college-specific awards. Additionally, they are not considered to satisfy prerequisite requirements.

In order to study some university-level courses, students are required to have completed certain high school classes. For example:

- To study university-level biology, chemistry or physics, the Grade 12 (senior-level) course of the same subject is required.
- To study university-level calculus, Grade 12 (senior-level) pre-calculus or a university-level pre-calculus class is required.

Yukon high school transcripts

After applying for admission, applicants should upload a copy of their transcript to the admission portal. After graduating, they must request a final, official transcript to be sent to USask via postal mail by the Yukon Ministry of Education. (We are not able to accept official Yukon transcripts electronically.) Final grades for all subjects are needed to ensure admission conditions are met. If not received by August 1, it may impact students' admission and ability to enroll.
