Self-Assessment Tool for IB Diploma Students

The University of Saskatchewan (USask) is the first post-secondary institution in Canada to offer an online self-assessment tool for International Baccalaureate (IB) Diploma Programme students. This new tool allows IB Diploma Programme students to enter the IB courses they expect to complete, as well as anticipated or final grades, to determine whether they may be eligible for admission or for awards at USask.

This assessment tool will also display the advanced credit (transfer credit) for which the student would be eligible following the submission of his or her final, official IB transcript.

If you have questions about this tool or about a student's assessment, please email admissions@usask.ca to learn more about this exciting initiative brought to you by USask.

USask grants advanced credit for the Extended Essay and Theory of Knowledge (TOK).

EXTENDED ESSAY:

3 junior general humanities credits

THEORY OF KNOWLEDGE (TOK):

6 junior credits in philosophy

IB Diploma Programme Recognition

The University of Saskatchewan is a leader in recognizing the academic excellence of students enrolled in the IB Diploma Programme and IB diploma courses. We acknowledge students' achievements by granting advanced credit (transfer credit) for IB courses.

Advanced credit will be awarded for most Higher Level (HL) subjects with grades of 5 or higher. Credit is granted for some Standard Level (SL) subjects with grades of 5 or higher. Up to 30 units of transfer credit (the equivalent of one full year of post-secondary education) may be applied toward a USask degree program.

IB courses are currently undergoing a review for advanced standing. Updated transfer credit equivalencies will be posted as reviews are completed. Please contact us at admissions@usask.ca if you have any questions.

INTERNATIONAL BACCALAUREATE (IB) EXCELLENCE AWARDS

 Value: \$20,000

International students completing the IB Diploma Programme and who apply for admission by February 15 will be considered automatically upon admission.

International Baccalaureate Admission Requirements

Students completing the IB Diploma Programme are considered for admission based on a total score out of 45 possible points. A statement of anticipated IB grades is required to consider applicants for early (conditional) admission, and is due by the preliminary document deadline of the college to which admission is being sought. With the exception of Engineering, Kinesiology, and the Combined Kinesiology/Education program, admission with prerequisite deficiencies may be permitted. Visit admissions.usask.ca/requirements for more information.
