Edwards School of Business

Students are admitted to Edwards School of Business through a competitive ranking based on admission average, or by meeting a minimum average for early admission. Students who are offered early or conditional admission must maintain a final admission average that does not fall below the lowest average accepted by the college to be fully admitted.

Admitted students must accept their offer of admission within the timeline specified in their offer letter. Wait-listed students will be contacted if/when seats become available. Apply online at admissions.usask.ca.

Direct entry to the Bachelor of Commerce degree program

### REQUIREMENTS AND DEADLINES

#### EARLY ADMISSION

Eligible applicants who apply, pay the application fee and submit transcripts and other admission documents by December 1 and have an admission average of 83%+ will be offered early admission. Early admission offers will be mailed before the end of December.

- Application and document deadline: December 1
- Minimum admission average: 83%
  - Grade 12 students: For applicants who are currently in high school, an early admission average will be calculated following the five-subject admission average formula using Grade 11- or Grade 12-level courses completed in the applicant’s Grade 11 year. (Grade 11 subjects will not be used if the Grade 12 subject has already been completed.)
  - Grade 12 graduates: Grade 12 graduates with less than 18 transferable credit units of post-secondary studies can be considered for early admission based on their final Grade 12 admission average, which is calculated following the five-subject admission average formula using only Grade 12-level courses. If the student is upgrading, proof of registration must be submitted by December 1.
- Required courses:
  - Foundations of Mathematics 30 or Pre-Calculus 30 (recommended)

#### REGULAR ADMISSION

Applicants who do not qualify for early admission will be considered for regular admission based on a competitive ranking and spaces will be offered to the top applicants.

Students will be notified of their admission status as soon as a decision is made, and by no later than mid-April.

- Application deadline: February 15
- Document deadline: March 1
- Expected target average: 78%
  - Grade 12 students: An admission average will be calculated following our five-subject admission average formula using Grade 12-level subjects completed up to the end of Term 1. Midterm grades for non-semestered (year-long) courses can also be used. Current high school students who do not meet the admission average on the basis of their Term 1 marks can be reconsidered on the basis of their final high school grades, provided a final, official high school transcript is received by August 1.
  - Grade 12 graduates: An admission average is calculated following our five-subject admission average formula using only Grade 12-level subjects. If upgrading, proof of registration must be submitted by March 1 and course must be completed by June 30.
- Required courses:
  - Foundations of Mathematics 30 or Pre-Calculus 30 (recommended)

#### JANUARY ADMISSION

- Application deadline: December 1 (Canadian students and current U of S students) September 1 (international students)
- Document deadline: December 15 (Canadian students and current U of S students) October 1 (international students)
- Minimum admission average: The minimum admission average from the regular admission cycle will be used for January admission. Only grades for courses completed and listed on a transcript by December 15 will be used in the admission average calculation.
- Required courses:
  - Foundations of Mathematics 30 or Pre-Calculus 30 (recommended)
Direct entry to the Bachelor of Commerce degree program

Calculating an admission average

| ONE MATHEMATICS | ■ Foundations of Mathematics 30*  
|                | ■ Pre-Calculus 30*  
|                | ■ Calculus 30  |
| ONE ENGLISH    | ■ English Language Arts A30  
|                | ■ English Language Arts B30  |
| MAXIMUM OF TWO NATURAL SCIENCES | ■ Additional math or calculus (from list above)  
|                | ■ Biology 30  
|                | ■ Chemistry 30  
|                | ■ Computer Science 30  
|                | ■ Earth Science 30  
|                | ■ Physics 30  |
| MAXIMUM OF TWO SOCIAL SCIENCES OR HUMANITIES | ■ Additional English (from list above)  
|                | ■ Approved business class (Aboriginal Youth Entrepreneurship 30, Accounting 30, Entrepreneurship 30, Introduction to Business Studies 30, Personal Finance 30 and other courses approved by Edwards on a case-by-case basis)  
|                | ■ Approved second language (Cree 30, Dene 30, French 30, German 30, Japanese 30, Mandarin 30, Polish 30, Saulteaux 30, Spanish 30, Ukrainian 30)  
|                | ■ Economics 30  
|                | ■ Éducation chrétienne 30

CALCULATE MY AVERAGE

| My Best English |  |
| My Best math |  |
| My BEST THREE others | 1.  |
|                | 2.  |
|                | 3.  |

AVERAGE

(\text{sum of five marks ÷ 5})

SASKATCHEWAN TRANSCRIPTS

Saskatchewan high school students must request Grade 11, Grade 12 First Semester (after January exams) and final Grade 12 transcripts to be sent directly to the University of Saskatchewan by the Ministry of Education. This can be done by submitting a single form and paying only one fee.

For further information about applying, visit: admissions@usask.ca.

*Edwards applicants must have Pre-Calculus 30 (recommended) or Foundations of Mathematics 30 (formerly Mathematics B30 and C30).
Edwards School of Business

Students are admitted to Edwards School of Business through a competitive ranking based on admission average, or by meeting a minimum average for early admission. Students who are offered early or conditional admission must maintain a final admission average that does not fall below the lowest average accepted by the college to be fully admitted. Admitted students must accept their offer of admission within the timeline specified in their offer letter. Wait-listed students will be contacted if/when seats become available. **Required courses (one of):**

- Foundations of Mathematics 30 or Pre-Calculus 30 (recommended), OR
- Math 110.3, Math 121.3, Math 123.3 or Math 125.3 or equivalent, at the university-level, OR
- Math B30 and Math 104 (minimum grade of 65%)
JANUARY ADMISSION

**Application deadline:** December 1, 2018 (Canadian students and current U of S students)
September 1, 2018 (international students)

**Document deadline:** December 15, 2018 (Canadian students and current U of S students)
October 1, 2018 (international students)

**Minimum admission average:** The minimum admission average based on the competitive ranking from the regular admission cycle will be used for January admission. Only grades for courses completed by the end of August 2018 will be used in the average calculation.

Students with marks earned for 18 or more transferable credit units by the end of August 2018 will be considered for January admission based on the best of either:
- the cumulative average of marks for all transferable courses earned before the end of August 2018, OR
- the average of marks earned for transferable courses in the most recent year of study (must include a minimum of 18 transferable credit units).

Students in their first year, or with marks earned for fewer than 18 transferable credit units before the end of August 2018 will be considered for January admission based on a five-subject admission average calculated using their final high school marks and must meet the minimum high school admission average for January admission. If marks will be earned for 18 or more transferable credit units by the end of December 2018, admission will be conditional pending receipt of students’ final post-secondary grades, the average of which must meet the minimum transfer average for January admission.

**Required courses (one of):**
- Foundations of Mathematics 30 or Pre-Calculus 30 (recommended), OR
- Math 110.3, Math 121.3, Math 123.3 or Math 125.3 or equivalent, at the university-level, OR
- Math B30 and Math 104 (minimum grade of 65%)

**NOTES ON TRANSFER AVERAGE CALCULATIONS:**
- If a course is repeated, the most recent attempt is used in an admission average calculation. Edwards will use the first passing grade (50% or higher) in the program. The first attempt does not count toward the minimum 18 credit units attempted.
- If a student completes less than 18 credits in the most recent academic year (September-April), marks from previous sessions* will be incorporated into an admission average calculation (without breaking up a session) until marks for a minimum of 18 transferable credit units are incorporated.

* A session is defined as Regular Session (September-April) and Spring and Summer Session (May-August).

**TRANSFER CREDIT AND RESIDENCY REGULATIONS:**

While a student may receive transfer credit for all transferable courses they have completed, a minimum amount of coursework must be completed at the Edwards School of Business to earn a Bachelor of Commerce degree.

- No more than 50% (60 of 120 credit units) of the program for the Bachelor of Commerce degree may be transferred from another college or institution to the Edwards School of Business.
- No more than 50% of major classes may be transferred from another college or institution.
- Subject to program requirements, non-Commerce and free senior electives will be transferred in a way that maximizes your average.

To discuss how your transfer credit may be used to fulfil degree requirements at the Edwards School of Business, please book an appointment with an advisor once your transfer credit evaluation has been completed.
