PREREQUISITE USASK COURSES
To be considered, students must have a minimum 60% average on these pre-professional first-year classes:
- Three credit units English (111.3, 112.3, 113.3, 114.3, 120.3 or 110.6*)
- Indigenous Studies 107.3
- Chemistry 112.3
- Biology 120.3
- Statistics 244.3 or equivalent
- Nutrition 120.3 (must have been completed within the last 10 years)
- Psychology 121.3
- Three credit units social science elective
- Six credit units open electives*

*Three credit units from English 110.6 can also be used to fulfill an open elective requirement.

Acceptance into the Bachelor of Science in Nursing (BSN) program is competitive and based on:
1. The calculated average of pre-professional classes (60% weighting).
2. Situational judgement test score (40% weighting).

Applicants are ranked according to admission score and the top candidates are selected. A deficiency of 3 credit units in one of the following courses is permitted, but a grade of 50% will be used in place of this deficient course for the purpose of calculating an admission average: social science, statistics, nutrition or Indigenous studies. All students whose first language is not English must present evidence of English proficiency.
