STUDY WITH US

Academic excellence

USask belongs to the U15 group of top research-intensive universities in Canada, and our academic programs and outstanding faculty are recognized around the world, including in official rankings.

△ USask is ranked #1 in Canada in the study of water resources
(Photo: Caroline Aubry-Wake, Images of Research 2019)

Welcoming community

Enjoy a high level of support typical of a smaller university along with many opportunities to make friends and create connections through campus clubs, sports, events and networking opportunities.

△ New students at Fall Welcome

High graduate employability

Top employers recognize the hands-on experience and transferable skills you will earn throughout your studies at USask.

△ Proud USask graduate at Convocation

Inspiring university experience

Historic halls, natural surroundings and innovative classroom spaces create an environment designed for learning and discovery.

△ Class in the historic Henry Taube Lecture Theatre (Airplane Room)

Ranked **Top 5** in Canada in the study of:

WATER RESOURCES #1

VETERINARY SCIENCES #3

AGRICULTURAL SCIENCES #4

BIOMEDICAL ENGINEERING #4

BIOTECHNOLOGY #4

**ENERGY SCIENCE AND

research universities

LEARN THROUGH EXPERIENCE

USask offers hundreds of courses and opportunities to help you gain direct, hands-on experience throughout your degree.

Field-based instruction

Study outside the traditional classroom, learning directly on-site. Many courses offer field components, from short field trips up to a full term on location.

△ Geology field course in La Ronge, SK in 2021 (photo: submitted)

Undergraduate research

Get hands-on, course-based research experience starting as early as your first year! USask's First Year Research Experience (FYRE) and Student Undergraduate Research Experience (SURE) set students up for upper-year success.

△ Agronomy graduate Jeremy Irvine conducting research on insects and plant pathogens (photo: submitted)

Study abroad

USask offers study abroad and exchange opportunities with 248 partner universities in 35 countries. Enhance your career prospects, develop intercultural skills and experience a new culture while earning credit toward your USask degree.

△ Agriculture and Bioresources graduate Simone Roelens at the Glenfinnan Viaduct in Scotland (photo: submitted)

Practicums, co-ops and internships

At USask, many programs offer the opportunity to connect with employers to start building your professional network, including:

- Agriculture and Bioresources
- Computer Science
- Economics
- Education
- Edwards School of Business
- Engineering
- English
- Hydrology
- Kinesiology
- Physics

△ Nearly 400 students participated in USask's three largest co-op and internship programs in Computer Science, Engineering and Edwards School of Business

SASKATOON CAMPUS

USask's main campus in the vibrant city of Saskatoon is well known for its beautiful architecture, spacious grounds and state-of-the-art facilities. It's what you imagine when you think of what a university should be.

From technologically advanced labs and classrooms to classic stone halls and

quiet outdoor getaways, USask offers surroundings you'll thrive in.

Here at the home of our 17 colleges and schools, you can enroll in degree, diploma and certificate programs in more than 200 fields of study. Facilities and services here are designed to support your success and wellbeing as you work to reach your academic goals.

PRINCE ALBERT CAMPUS

The Prince Albert Campus in the heart of downtown Prince Albert brings programs formerly offered in different locations throughout the city together in one place.

Students from Prince Albert and surrounding and northern communities have more opportunities than ever to

connect with each other and to access student services in this welcoming, student-centered space.

No matter your goals, starting your studies in Prince Albert can help ease your transition to university and balance your studies with work and family life by living at or closer to home.

You can begin your studies—and in some cases, complete a degree—in the following colleges at the USask Prince Albert Campus:

Agriculture and Bioresources

Edwards School of Business

Arts and Science

Kinesiology

Dental Therapy

Nursing

FLEXIBLE LEARNING

Learning that fits your life: At USask, you have the flexibility to tailor your learning experience. Whether you prefer the vibrant atmosphere of our main campus in Saskatoon, the community-focused environment at the USask Prince Albert campus, the convenience of regional college locations, or the flexibility of online classes from the comfort of your home, USask offers a range of delivery modes to suit your needs.

Online classes

USask offers a diverse range of online classes from colleges including Agriculture and Bioresources, Arts and Science,

Edwards School of Business, Nursing and more. Popular examples include:

- Agriculture 111: Introduction to Plant and Soil Sciences
- Art 235: Digital Imagery
- Astronomy 102: Introduction to Galaxies and Cosmology
- Biomedical Science 200: Biomolecules
- Geography 150: Introduction to the Circumpolar World
- Commerce 101: Introduction to Business
- Nursing 120: Human Anatomy for Nursing

Explore locations

There are many advantages to studying at locations around the province, such as the ability to balance your studies with your personal life, lower cost of living, community-based class sizes and access to both USask and location-specific supports. Regional college students also have access to scholarships through both USask and their regional college. Locations where you can take USask classes include:

- **Great Plains College**
Swift Current, Biggar, Kindersley, Maple Creek, Martensville, Warman
- **North West College**
North Battleford, Meadow Lake
- **Northlands College**
La Ronge, Buffalo Narrows, Creighton, Île-à-la-Crosse, La Loche
- **Southeast College**

PLAN YOUR FINANCES

Tuition

Tuition at USask is used to provide high value academic programming, student supports and financial aid, helping us ensure students’ needs are met from the time you receive your offer of admission to beyond your graduation.

For most programs you can enter directly from high school, tuition is calculated by adding up the cost of individual classes you enroll in. Many programs offer a great deal of flexibility, allowing you to choose classes based on your interests, schedule and budget.

The following estimates reflect a typical amount you could expect to pay for your first year if you enroll in a full course load (the maximum number of courses allowed—e.g. 30 credit units for Arts and Science students) in the fall and winter terms (Sept.-April).

COLLEGE	CANADIAN STUDENTS	INTERNATIONAL STUDENTS
Agriculture and Bioresources	\$8,113 CAD	\$39,267 CAD
Arts and Science - Arts	\$7,547 CAD	\$36,527 CAD
Arts and Science - Science	\$7,919 CAD	\$38,328 CAD
Education	\$7,797 CAD	\$37,737 CAD
Edwards School of Business	\$9,206 CAD	\$44,557 CAD
Engineering	\$11,354 CAD	\$54,953 CAD
Kinesiology	\$7,806 CAD	\$37,781 CAD
2024-2025 tuition rates for a typical student course offering within each program are represented. International undergraduate tuition rates are 4.84 times the tuition rate for domestic undergraduate students. Tuition rates are subject to increase on an annual basis. New rates for the upcoming academic year are typically released in April.		

Student fees

In addition to tuition, you will also pay student fees, which are used to fund benefits and services that would not be considered part of normal instructional costs, including:

- Access to USask athletic facilities and recreation programs
- Huskies game tickets
- Wellness and accessibility services

Fees are also collected on behalf of your student union for benefits including:

- U-PASS student transportation pass
- Health and dental insurance
- Students’ Union services and infrastructure

FULL-TIME, ON-CAMPUS STUDENT FEES ESTIMATE FOR THE 2024-2025 FALL AND WINTER TERMS (SEPT.-APRIL)	\$1,120.48 CAD
---	----------------

Residence

Living in residence offers you the convenience of living close to your classes, student services and hangouts. It also includes access to meal plans, laundry, utilities and internet—things you would normally have to pay for separately if living off-campus.

RESIDENCE		RATE PER PERSON (Sept-Apr 2024-2025)
Voyageur Place	Double unit	\$10,560 CAD
	Single unit	\$11,684 CAD
College Quarter	Three- or four-bedroom apartment	\$8,767 CAD
	Two-bedroom apartment (limited availability)	\$9,913 CAD
McEown Park - Seager Wheeler	Six-bedroom apartment	\$4,732 CAD

SCHOLARSHIPS, BURSARIES AND AWARDS

USask offers a wide range of scholarships and bursaries that can help you on the way to achieving your goals.

These entrance awards are open to students beginning their studies at our campuses in Saskatoon and Prince Albert, as well as at off-campus locations throughout the province.

Guaranteed Entrance Scholarships

VALUE:

\$500 to \$3,000

WHO CAN APPLY?

Learn how to apply for scholarships

ADMISSION REQUIREMENTS

You can apply directly from high school to degree programs offered in the Colleges of Agriculture and Bioresources, Arts and Science, Education, Engineering, Kinesiology and Edwards School of Business.

To be considered for admission, you will need to:

- 1. Apply for admission before the deadline for your program.**
- 2. Complete specific required Grade 12 classes.**
- 3. Meet the required admission average.**
- 4. Provide proof of English proficiency (if required).**

How we calculate your admission average

High school students

After you apply for admission and provide all the necessary documents, we calculate your admission average using the subjects and grades that appear on your high school transcript using this five-mark formula:

- One English
- One math
- Three other approved subjects:
 - Maximum of two natural sciences
 - Maximum of two social sciences or humanities
 - Maximum of one fine or performing art

Transfer students

If you have already attended college or university and have 18 credit units or more of transferable courses, your average will be calculated using the grades for your transferable university courses.

USask Transition Entrance Program and special admission

USask offers pathways to admission for students who do not meet regular admission requirements, including:

- University of Saskatchewan Transition Entrance Program (USTEP)
- Special (mature) admission

Research requirements and deadlines

Applications open on September 20, 2024!

△ College of Arts and Science

△ College of Kinesiology

Arts and Science

Will you face the challenge to be what the world needs? With the largest number of areas of study at USask, the College of Arts and Science is truly the college of possibilities. By bridging the gap between the arts and the sciences, our students develop an

interdisciplinary perspective on issues critical to our world. The diversity of our college community is our pride. We provide you with the freedom to create your path and the lifelong skills to succeed academically.

Agriculture and Bioresources

Rooted in history since 1912, the College of Agriculture and Bioresources (AgBio) is growing the future. As an AgBio student you will:

- Learn from industry-leading researchers in one of the most modern and extensive facilities for agricultural science in the world.
- Receive hands-on learning experiences

that combine both the 'how' and the 'why' to develop critical thinking skills.

- Enhance your university experience with the opportunity to join a student club in our active and enthusiastic AgBio student community.
- Develop professional career competencies that employers are looking to hire for.

△ College of Education

Education

At the College of Education, innovative and collaborative teaching and learning are at the centre of what we do. The Bachelor of Education program is designed for future educators of pre-Kindergarten to Grade 12 learners. You will work with a dedicated team of teacher-scholars and will have many

opportunities to use your teaching skills through a variety of diverse and hands-on field experiences. When you graduate, you will leave with the skills to make an impact in the classroom, a foundation to inspire future generations, and the possibility of a rewarding and fulfilling career working with children and youth.

Kinesiology

Kinesiology at USask takes a holistic approach, covering many areas of study, such as exercise physiology, gross anatomy, biomechanics, motor learning and control, growth and development, psychology and ethics. In our program, you will have the opportunity to make theory come alive through practice

and experiential learning. The College of Kinesiology offers tremendous opportunities and lots of fun activities for your first year. We're here to help you determine the best path to degree completion and support you on your journey through the program.

△ College of Engineering

△ Edwards School of Business

Engineering

Our RE-ENGINEERED first-year program will help you succeed in your degree and in your career as a professional engineer. All first-year students take a common set of shorter, more intensive classes that cover a broader range of material than traditional first-year programs. RE-ENGINEERED also includes after-school

tutorials and organized study squads so you can get academic support when you need it. At the end of first year, you'll apply to study one of our eight engineering discipline programs—all are accredited by the Canadian Engineering Accreditation Board.

Edwards School of Business

The Edwards School of Business is among the top 6% of business schools worldwide (AACSB-accredited). We offer students a transformative education in a welcoming classroom environment. Our classes facilitate hands-on learning and meaningful interaction with faculty and other students, and the Edwards community provides social and professional activities business students

crave. The Bachelor of Commerce is a four-year degree program, with the first two years dedicated to providing students with general business knowledge before specializing in one of our six majors for the final two years (accounting, finance, human resources, management, marketing and supply chain management).

COMPLETION OF HIGH SCHOOL (SECONDARY) OR POST-SECONDARY STUDIES IN ENGLISH If study occurred more than five years ago, additional proof of English language proficiency may be required.	<p>Years of full-time study in an approved English-medium secondary program</p> <ul style="list-style-type: none"> At least 3 years of full-time study including Grades 10, 11, and 12, as well as successful completion of Grade 12 English Language Arts A30 or B30 (or equivalents). Students from overseas schools offering a Canadian education system curriculum in English require a minimum grade of 65% on their Grade 12 English course(s). At least 2.5 years of full-time study including Grades 11 and 12, as well as successful completion of Grade 12 English Language Arts A30 or B30 (or equivalents) with minimum final grades of 70% At least 2 years of full-time study including Grades 11 and 12, as well as successful completion of Grade 12 English Language Arts A30 or B30 (or equivalents) with minimum final grades of 80% <p>Years of full-time study in a recognized post-secondary institution where English is the official language of instruction and examination**</p> <ul style="list-style-type: none"> Successful completion of at least one year of full-time study in a degree program Successful completion of a minimum two-year diploma from a recognized postsecondary institution in Canada Successful completion of a minimum three-year diploma from a recognized postsecondary institution outside of Canada <p>** The institution must declare English to be the only language of instruction and examination throughout the institution, not just in select departments.</p>
UNIVERSITY OF SASKATCHEWAN LANGUAGE CENTRE	Successful completion of the highest level of English for Academic Purposes

*All scores must be from one exam date, not to be combined with other exam dates. Tests are valid for two years after the testing date. Scores must be valid (no more than two years old) at the beginning of the student's first term of registration in the undergraduate program.

Joint admission and the USask Language Centre

If you are academically qualified for admission but need to improve your English before starting your degree program, we offer joint admission to study English at the University of Saskatchewan Language Centre and undergraduate programs in any of our six direct-entry colleges.

Apply for joint admission to programs in:

- AGRICULTURE AND BIORESOURCES
- ARTS AND SCIENCE
- EDUCATION
- EDWARDS SCHOOL OF BUSINESS
- ENGINEERING
- KINESIOLOGY

There are three intakes each year:

Fall Term (September to December)
Winter Term (January to April)
Spring Term (May to August)

GET TO KNOW USASK

Open House

Join us for our annual Open House in the fall, where you can explore life as a USask student through scheduled activities, an information fair and campus tours. In 2024, Open House takes place on **Friday, September 20!**

piihatikway pihtikwe tawāw Indigenous Student Experience Day

Métis, First Nations and Inuit students in high school and their supporters are invited to get to know the USask campus community. Scheduled for Spring 2025.

USASK EXPRESS

Watch for USASK EXPRESS application workshops in the fall and winter where we will guide you through the application process. We offer express application processing for students who apply during these events!

Check out our
upcoming events

Campus tours

Book a tour to get to know key places and spaces on campus with a current student as your guide! We love our campus and can't wait to show you around!

Information sessions

We offer many information sessions throughout the year covering a variety of topics: admissions, academic programs, scholarships and more!

Welcome activities

After you've been admitted, the university and your college will offer several opportunities to support your successful transition to university. From learning about class registration to meeting your future classmates, you won't want to miss these!
