You have choices. You decide where life is going to take you. When it comes to your education and your future, you have the freedom to decide what kind of experience you want to have.

At the University of Saskatchewan (uSask), your experience matters. What makes uSask unique is that you will have the opportunity to contribute directly to the world’s knowledge as you work alongside renowned faculty in some of the most advanced research and education facilities in the world.

uSask is a place where you can learn, grow and be part of a community that recognizes how beautiful knowledge can be.

One in four uSask students will have a hands-on research experience while working on their degree, and one in ten will have that experience in first year.

SASKATCHEWAN
The University of Saskatchewan (uSask) has been a place where people from this province, from across Canada and beyond have pursued education and knowledge for more than 100 years. Established in 1907, our institution has continually grown and flourished to become the place of curiosity, spirit and potential it is today.

As you explore this place, you will discover the spaces that define your university experience. Museums and galleries, libraries, sporting event venues, student hangouts and natural spaces are where life happens and where your most powerful memories can be created.

From the moment you become a student here, you will understand the sense of pride and community felt by our students, staff, faculty and alumni. While you are here and long after you graduate, you will remember the experiences you have, the things you learn you learn and, above all, the places you love.

Our historic main campus in Saskatoon is recognized as one of the most beautiful in Canada, with plenty of green space, stately greystone buildings and tree-lined walkways.
Located on Treaty 6 territory and the homeland of the Métis

More than 3 km² core campus grounds

7 on-campus museums and art galleries

At College Quarter, students live together in a lively, multi-cultural environment in fully furnished two, three and four bedroom units. You are only a short walk from all of your classes and have the added benefit of being part of an engaged community in Saskatoon with a friendly, inclusive atmosphere.

Voyageur Place

Located at the heart of the University of Saskatchewan campus, Voyageur Place is made up of four halls which are all connected by tunnels and skywalks to other buildings on campus, a popular feature during the winter.

Accommodation in Voyageur Place includes a meal plan and all utilities, internet and laundry. You will feel comfortable, safe and welcome here from day one.

Voyageur Place is made up of four residence buildings, each with many different room types and layouts. The images below are examples of some of these units, but do not represent all different room options.

College Quarter

At College Quarter, students live together in a lively, multi-cultural environment in fully furnished two, three and four bedroom units. You are only a short walk from all of your classes and have the added benefit of being part of an engaged community in Saskatoon with a friendly, inclusive atmosphere.

College Quarter suites are bright and modern, as are the lounges and study spaces, which offer beautiful views of the surrounding area. Social events, in-house tutoring and community activities help students feel connected, both to their neighbours and the campus nearby.
Seager Wheeler

Seager Wheeler is a residence building located just south of the main campus. It is part of McEown Park, a group of four high-rise buildings. These four buildings include Assiniboine Hall and Wollaston Hall (one and two bedroom units for upper year students), Souris Hall (two bedroom units for students with children) and Seager Wheeler (six bedroom units).

Seager Wheeler features accommodation for single students. Social events, in-house tutoring and community activities help students feel connected, both to their neighbours and the campus nearby.

“I can safely say that living in residence is one of the most rewarding parts of college outside the classroom. Living under the same roof with so many different types of people truly allows an individual to see the world with a whole new perspective. Living in residence positively contributed to my academic success at the University of Saskatchewan.”

JOHN ANDRAOS, BACHELOR OF SCIENCE IN PHARMACY STUDENT
HOMETOWN: BEIRUT, LEBANON

“My advice to other students, especially first years, is to choose to live in residence because it helps you to adapt to school much easier due to the various activities and programs that are offered. My favourite part of residence is making friends with lovely people who will definitely become lifelong friends.”

ELIZABETH ADEGBITE, BACHELOR OF SCIENCE STUDENT (PRE-PHARMACY)

Learn Where You Live

If you live in Saskatchewan, you may choose to learn where you live and complete anywhere from a few classes to your entire degree at one of our off-campus sites.

The University of Saskatchewan (uSask) has partnered with Saskatchewan education institutions for over 40 years to provide students with opportunities to study and learn close to home.

Today approximately 1,000 uSask students study at off-campus sites through face-to-face, online, independent study and live-streamed classes.

You can begin your uSask program and, in some cases, complete a degree without leaving your home community. This flexibility will allow you greater balance with family, work and other life commitments. Smaller class sizes with more student/teacher interaction, program and career counselling, essay writing support, tutorials and course-focused group discussions are available at all off-campus sites.
“Never be afraid of asking for scholarships. There are a huge selection which can help you explore different aspects of your academic and personal life.”

**VALUE:** $500 – $32,000

**APPLY FOR ADMISSION BY:** FEB 15

**APPLY FOR AWARDS BY:** MAR 1

Competitive Entrance Awards include numerous scholarships and bursaries that can be accessed by many students with diverse experiences. Applicants can be considered based on academic achievement, financial need and/or contributions to school and community life, and some awards recognize particular backgrounds, acknowledge contributions to certain clubs and/or reward achievement in music and athletics. All entering students are encouraged to apply.

Best and Brightest Entrance Scholarships

**VALUE:** UP TO $40,000

**APPLY FOR ADMISSION BY:** DEC 1

**APPLY FOR AWARDS BY:** DEC 15

Best and Brightest Entrance Scholarships include uSask’s highest valued, renewable entrance scholarships and are awarded based on academics, leadership and contributions to school and community life. These scholarships require the submission of a separate awards application after you apply for admission.

Circle of Honour Awards

Five of uSask’s Best and Brightest Entrance Scholarships are designated for Aboriginal students. These scholarships range in value from $24,000 to $40,000 over four years and are awarded to recognize academic excellence and community engagement.

International Baccalaureate (IB) Diploma Programme Excellence Awards

**CANADIAN STUDENTS:** $5,000

**INTERNATIONAL STUDENTS:** $20,000

Consideration is automatic for students completing the IB Diploma Programme who apply for admission by Feb. 15. Selection is based on academic achievement.

International Excellence Awards

**VALUE:** $10,000

International students entering the University of Saskatchewan will be considered automatically for an International Excellence Award based on academic achievement. To be considered, you must apply for admission before Feb 15.

At the University of Saskatchewan, entering students are eligible to receive a Guaranteed Entrance Scholarship in addition to an Excellence Award, Best and Brightest Entrance Scholarship or Competitive Entrance Award.
How to apply for awards

TUITION

Tuition for most undergraduate programs at uSask is calculated by adding up the cost of each individual class in which you enroll. For many programs, there is a wide range of classes from which you can choose, giving you a great deal of flexibility in terms of your schedule and budget.

Student fees are used to fund specific student benefits offered as part of your university education. These include fees to support athletics and recreation programs, student services, health and dental plans, your students’ union and the U-Pass Universal Transit Pass that allows you unlimited travel during the school year with Saskatoon Transit.

These estimates reflect the average tuition you could expect to pay per year if you enroll in a full course load (the maximum number of courses allowed).

While not required for admission, in order to study some university-level courses, you are required to have completed certain high school classes. For example:

- to study university-level biology, chemistry or physics, the Grade 12 (senior-level) course of the same subject is required.
- to study university-level calculus, Grade 12 (senior-level) pre-calculus or a university-level pre-calculus class is required.
### ENGLISH LANGUAGE PROFICIENCY

Applicants whose first language is not English must present proof of English language proficiency.

SPRING AND SUMMER CLASSES

Many new students elect to begin their studies early by choosing to take classes during the spring or summer. Spring and summer students enjoy flexible class options lasting a couple of weeks to a couple months, and choose to start early for a number of reasons, including:

- getting a head start on your degree program,
- focusing on a tough class you want to get out of the way, or
- completing a prerequisite class you need to move forward in your degree.
