You have choices. You decide where life is going to take you. When it comes to your education and your future, you have the freedom to decide what kind of experience you want to have.

At the University of Saskatchewan (uSask), your experience matters. What makes uSask unique is that you will have the opportunity to contribute directly to the world’s knowledge as you work alongside renowned faculty in some of the most advanced research and education facilities in the world.

uSask is a place where you can learn, grow and be part of a community that recognizes how beautiful knowledge can be.
With a rising population of more than 270,000, Saskatoon offers many of the amenities of a large urban centre along with the friendliness and accessibility of a smaller city. There is plenty to do in Saskatoon every season, with live music events, festivals and cultural experiences offered year round.

With its vibrant mix of many cultures, Saskatoon’s blossoming culinary and local shopping scenes also stand out.

This is a place of opportunity, diversity and innovation. As a student here and after you graduate, you will come to appreciate why so many have chosen to call this place “home.”

Our historic main campus in Saskatoon is recognized as one of the most beautiful in Canada, with plenty of green space, stately greystone buildings and tree-lined walkways.
The University of Saskatchewan (uSask) is a place where people from this province, from across Canada and beyond have pursued education and knowledge for more than 100 years. Established in 1907, our institution has continually grown and flourished to become the place of curiosity, spirit and potential it is today.

As you explore this place, you will discover the spaces that define your university experience. Museums and galleries, libraries, sporting event venues, student hangouts and natural spaces are where life happens and where your most powerful memories can be created.

From the moment you become a student, you will know the sense of pride and community felt by our students, staff, faculty and alumni. While you are here and long after you graduate, you will remember your experiences, the things you learn and, above all, the places you love.

hello
FREEDOM

Residences at the University of Saskatchewan provide an unparalleled living environment for students.

You will be part of a diverse and global community where you can develop life-long friendships and create lasting memories. You will also be living in a safe, study-orientated setting where you can access continuous academic and personal support from your peers, Residence staff, faculty-in-Residence and others.

More than 2,200 students live in Residence

Take a video tour livewithus.usask.ca
More than 2,200 students live in Residence. Award-winning chefs at Marquis Culinary Centre.

Marquis Culinary Centre

The Marquis Culinary Centre is the hub of our food services operation. Anyone on campus is welcome to join us in our all-you-can-dine Culinary Centre, offering a wide variety of items from comfort foods to ethnic dishes. Stop by for a one-time cash purchase, or purchase a meal plan online. Enjoy your meal in our beautiful dining hall overlooking the Bowl.
**Voyageur Place**

Located at the heart of the University of Saskatchewan campus, Voyageur Place is made up of four halls which are all connected by tunnels and skywalks to other buildings on campus, a popular feature during the winter.

Accommodation in Voyageur Place includes a meal plan and all utilities, internet and laundry. You will feel comfortable, safe and welcome here from day one.

Voyageur Place is made up of four Residence buildings, each with many different room types and layouts. The images below are examples of some of these units, but do not represent all different room options.

**Seager Wheeler**

Seager Wheeler is a Residence building located just south of the main campus. It is part of McEown Park, a group of four high-rise buildings. These four buildings include Assiniboine Hall and Wollaston Hall (one and two bedroom units for upper year students), Souris Hall (two bedroom units for students with children) and Seager Wheeler (six bedroom units).

Seager Wheeler features accommodation for single students. Social events, in-house tutoring and community activities help students feel connected, both to their neighbours and the campus nearby.
At College Quarter, students live together in a lively, multi-cultural environment in fully furnished two, three and four bedroom units. You are only a short walk from all of your classes and have the added benefit of being part of an engaged community in Saskatoon with a friendly, inclusive atmosphere.

College Quarter suites are bright and modern, as are the lounges and study spaces, which offer beautiful views of the surrounding area. Social events, in-house tutoring and community activities help students feel connected, both to their neighbours and the campus nearby.

“My advice to other students, especially first years, is to choose to live in Residence because it helps you to adapt to school much easier due to the various activities and programs that are offered.”

Did you know?

One in two

uSask students will have a hands-on, course-based research experience while working on their undergraduate degree, and one in four will have that experience in their first year.
Learn Where You Live

If you live in Saskatchewan, you may choose to learn where you live and complete anywhere from a few classes to your entire degree at one of our off-campus sites.

The University of Saskatchewan (uSask) has partnered with Saskatchewan education institutions for over 40 years to provide students with opportunities to study and learn close to home.

Today, approximately 1,500 uSask students study at off-campus sites through face-to-face, online, independent study and live-streamed classes.

You can begin your uSask program and, in some cases, complete a degree without leaving your home community. This flexibility will allow you greater balance with family, work and other life commitments. Smaller class sizes with more student/teacher interaction, program and career counselling, essay writing support, tutorials and course-focused group discussions are available at all off-campus sites.
SUPPORT for students

Starting university is one of the biggest transitions you will make in life. At the University of Saskatchewan (uSask) we have supports in place to help you through this transition and your university career.

STUDENT LEARNING SERVICES
Student Learning Services (SLS) aims to help students make the most out of their academic experience at uSask. SLS offers workshops, online resources and tutors to help students with writing, studying, math and stats.

ACCESS AND EQUITY SERVICES
Access and Equity Services (AES) offers a broad range of support for students with physical, medical, mental health or learning disabilities. Supports offered include: academic/exam accommodations, notetaking, classroom changes, alternate format textbooks, assistive technology and academic strategy.
LEARNING COMMUNITIES
Learn to adapt more quickly to university and benefit from the mentorship of successful upper-year students by registering in a Learning Community (LC) in your college.

In an LC, you will get to know a small group of other new students who are taking some of the same courses as you—courses that you share an interest in, or courses that are part of your degree requirements.

Participating in a LC is one of the best ways for you to take charge of your learning and to develop skills to help you succeed in this new academic environment. It is also a great opportunity to make new friends!

STUDENT WELLNESS CENTRE
The Student Wellness Centre offers urgent and non-urgent physical and mental health care to uSask students and their spouses and children.

CHILDCARE AND COMMUNITY
uSask operates three child-care centres and offers convenient breastfeeding locations for nursing mothers. In addition, Parents on Campus is a community group focused on providing support, advocacy and events for uSask families.

INTERNATIONAL STUDENT AND STUDY ABROAD CENTRE
Visit the International Student and Study Abroad Centre (ISSAC) to meet students from around the world, learn about opportunities to study abroad or access services for international students.

ABORIGINAL STUDENTS’ CENTRE
Staff at the Aboriginal Students’ Centre (ASC) are committed to supporting the personal and academic success of Métis, First Nations and Inuit students. The ASC leads the organization of a number of university-wide events, such as Graduation Powwow, Indigenous Achievement Week and pipe ceremonies.

GET INVOLVED AND BUILD CONNECTIONS
Take advantage of our beautiful and bustling campus life through joining one of our 130 plus campus clubs, attending a game for one of the 15 Huskie athletics teams, visiting one of the seven on-campus art galleries and museums, or exercising in the state-of-the-art Physical Activity Complex.

THERAPY DOGS
St. John Ambulance therapy dogs visit campus frequently to help students de-stress. Petting a dog can increase levels of the stress-reducing hormone oxytocin and decrease the production of the stress hormone cortisol.

USSU CENTRES
The University of Saskatchewan Students’ Union (USSU) operates a number of centres for enhancing the student experience. These centres include the Women’s Centre, Pride Centre, Help Centre, and Food Centre. The USSU centres are open to all students, and provide resources, support and services in a warm, positive atmosphere.

If you apply for admission during your Grade 12 year, your average will be calculated twice—once at the time of admission and again following your graduation. Your scholarship amount will be based on your highest average.

Best and Brightest Entrance Scholarships
VALUE: UP TO $40,000
APPLY FOR ADMISSION BY: DEC 1
APPLY FOR AWARDS BY: DEC 15

Best and Brightest Entrance Scholarships include uSask’s highest valued, renewable entrance scholarships and are awarded based on academics, leadership and contributions to school and community life. These scholarships require the submission of a separate awards application after you apply for admission.

Competitive Entrance Awards
VALUE: $500 – $32,000
APPLY FOR ADMISSION BY: FEB 15
APPLY FOR AWARDS BY: MAR 1

Competitive Entrance Awards include numerous scholarships and bursaries that can be accessed by many students with diverse experiences. Applicants can be considered based on academic achievement, financial need and/or contributions to school and community life, and some awards recognize particular backgrounds, acknowledge contributions to certain clubs and/or reward achievement in music and athletics. All entering students are encouraged to apply.

Circle of Honour Awards
Five of uSask’s Best and Brightest Entrance Scholarships are designated for Aboriginal students. These scholarships range in value from $24,000 to $40,000 over four years and are awarded to recognize academic excellence and community engagement.

“At the University of Saskatchewan, entering students are eligible to receive a Guaranteed Entrance Scholarship in addition to a Best and Brightest Entrance Scholarship or Competitive Entrance Award.”

TUITION

Tuition for most undergraduate programs at uSask is calculated by adding up the cost of each individual class in which you enroll. For many programs, there is a wide range of classes from which you can choose, giving you a great deal of flexibility in terms of your schedule and budget.

Student fees are used to fund specific student benefits offered as part of your university education. These include fees to support athletics and recreation programs, student services, health and dental plans, your students’ union and the U-Pass Universal Transit Pass that allows you unlimited travel during the school year with Saskatoon Transit.

These estimates reflect the average tuition you could expect to pay per year if you enroll in a full course load (the maximum number of courses allowed).

1. GRADUATION FROM HIGH SCHOOL
   If you are still completing high school, you can be considered for admission if you show that you will meet the requirements for your chosen program.

2. ADMISSION AVERAGE
   For high school students or graduates an admission average is calculated using marks for five acceptable Grade 12 (senior-level) subjects:
   - ONE Mathematics
   - ONE English
   - THREE other acceptable Grade 12 (senior-level) subjects from the following:
     - Maximum of TWO natural sciences
     - Maximum of TWO social sciences or humanities
     - Maximum of ONE fine or performing art
ROLLING ADMISSION
Applications are considered throughout the admissions cycle and admission is offered on a first-qualified, first-accepted basis until seats are filled.

SPRING AND SUMMER CLASSES

Many new students elect to begin their studies early by choosing to take classes during the spring or summer. Spring and summer students enjoy flexible class options lasting a couple of weeks to a couple months, and choose to start early for a number of reasons, including:

- getting a head start on your degree program,
- focusing on a tough class you want to get out of the way, or
- completing a prerequisite class you need to move forward in your degree.

To learn about applying for admission for Spring Term (May-June) or Summer Term (July-August), including the deadlines to apply for admission or change an existing application, visit summer.usask.ca or contact our friendly staff.
