Why ISAP?

- Dedicated and culturally responsive instructors and staff.
- Peer mentorship with upper year Indigenous students.
- Popular courses in small cohorts (30 seats) and Learning Communities (LC)s
- Subject-specific tutorials to build academic skills.
- Preparatory STEM courses (chemistry, physics, biology) and developmental mathematics programming.
- Personalized advising for academic and career planning.
- Assistance with inter-college transfers and professional college admissions
- Financial advocacy and bursaries.
- ISAP celebrations and cultural engagement with Elders and alumni.

"By participating in ISAP I learned how strong and significant my culture is, and how important it is to keep and maintain it."

- First year ISAP Student
