REASONS TO CHOOSE USASK

1. Academic reputation

USask's academic programs and great faculty are recognized in official rankings, among other universities, by the communities we serve and beyond. Our culture of growth and deeper understanding encourages you to learn across traditional disciplines and develop fresh perspectives. Our students, faculty and alumni make a difference in communities and industries around the world.

2. Graduate employability

A degree from USask is a worthwhile investment in your future. The hands-on experiences and transferable skills you will earn throughout your studies at USask are well-known by top employers and lead our graduates to many career possibilities in Canada and around the world.

3. Inspiring, supportive environment

Established in 1907, USask's main campus is well known for its impressive architecture and beautiful, spacious grounds. Whether historic halls, natural surroundings or innovative spaces are more your vibe, USask offers diverse environments for you to gain new perspectives and access a high level of support, something usually typical of a smaller university.

4. Research excellence

By choosing to study at a U15 university, you will have access to programs and facilities that provide the tools for a high level of interaction and research. No matter if you plan to pursue research as your career, or if research contributes to your learning in other areas, you will develop unique connections and crucial skills that will serve you well during and after your studies.

TUITION AND COST OF LIVING

The information below can help you estimate of how much money you may need to study at USask for your first year of undergraduate studies.

Tuition

Tuition at USask is used to provide high value academic programming, student supports and financial aid, helping us ensure students' needs are met from the time you receive your offer of admission to beyond your graduation.

For most programs you can enter directly from high school, tuition is calculated by adding up the cost of individual classes you enroll in. Many programs offer a great deal of flexibility, allowing you to choose classes based on your interests, schedule and budget.

The following estimates reflect a typical amount you could expect to pay for your first year if you enroll in a full course load (the maximum number of courses allowed—e.g. 30 credit units for Arts and Science students) in the fall and winter terms (Sept.-April).

ANNUAL FULL-TIME STUDY TUITION ESTIMATES PER COLLEGE	INTERNATIONAL STUDENTS
Agriculture and Bioresources	\$39,267 CAD
Arts and Science - Arts	\$36,527 CAD
Arts and Science - Science	\$38,328 CAD
Education	\$37,737 CAD
Edwards School of Business	\$44,557 CAD
Engineering	\$54,953 CAD
Kinesiology	\$37,781 CAD
2024-2025 tuition rates for a typical student course offering within each program are represented. International undergraduate tuition rates are 4.84 times the tuition rate for domestic undergraduate students. Tuition rates are subject to increase on an annual basis. New rates for the upcoming academic year are typically released in April.	

Student fees

In addition to tuition, you will also pay student fees, which are used to fund benefits and services that would not be considered part of normal instructional costs, including:

- Access to USask athletic facilities and recreation programs
- Huskies game tickets
- Wellness and accessibility services

Fees are also collected on behalf of your student union for benefits including:

- U-PASS student transportation pass
- Health and dental insurance
- Students' Union services and infrastructure

FULL-TIME, ON-CAMPUS STUDENT FEES ESTIMATE FOR THE 2024-2025 FALL AND WINTER TERMS (SEPT.-APRIL)	\$1,120.48 CAD
---	----------------

Residence

Living in residence offers you not only the convenience of living as close as possible to your classes, student services and hangouts. It also comes with added benefits like meal plans, as well as laundry, utilities and internet—things you would normally have to pay for separately if living off-campus.

RESIDENCE		RATE PER PERSON (Sept-Apr 2024-2025)
Voyageur Place	Double dormitory room with unlimited meal plan	\$10,560 CAD
	Single dormitory room with unlimited meal plan	\$11,684 CAD
College Quarter	Three- or four-bedroom apartment	\$8,767 CAD
	Two-bedroom apartment (limited availability)	\$9,913 CAD
McEown Park - Seager Wheeler	Six-bedroom apartment	\$4,732 CAD

ADMISSION REQUIREMENTS

To be considered for admission to undergraduate degree programs in the Colleges of Agriculture and Bioresources, Arts and Science, Education, Engineering, Kinesiology and Edwards School of Business, you will need to:

- 1 Apply for admission before the deadline for your program
- 2 Complete specific prerequisite courses
- 3 Meet the required admission average
- 4 Provide proof of English proficiency (if required)

Admission average calculation

High school students

After you apply for admission and provide all the necessary documents, we calculate your admission average using the subjects and grades that appear on your high school transcript using this five-mark formula:

- One English
- One Math
- Three other approved subjects:
 - Maximum of two natural sciences
 - Maximum of two social sciences or humanities
 - Maximum of one fine or performing art

Transfer students

If you have already attended college or university and have 18 credit units or more of transferable courses, your average will be calculated using the grades for your transferable university courses.
