The practice of pharmacy is changing. Today's pharmacists are highly respected as the medication management experts of the health care team. They collaborate with patients, their families and other health care providers to benefit the health of Canadians.

DOCTOR OF PHARMACY

We offer a four-year program leading to the degree of Doctor of Pharmacy (PharmD), after completing 60 credit units of pre-pharmacy courses in Arts and Science or other programs.

TO PRACTISE PHARMACY, YOU NEED:

- A degree in pharmacy
- Successful completion of Pharmacy Examining Board of Canada Exam; and
- Registration with a provincial regulatory body.
