@ PRINCE ALBERT

# USASK @ PRINCE ALBERT

You have choices. You decide where life is going to take you. When it comes to your education and your future, you have the freedom to decide what kind of experience you want to have.

In Prince Albert, you can start preparing for an enriching career and a fulfilling future by taking advantage of the unique educational opportunities available in the 'Gateway to the North'.

Whether you plan to pursue a degree or are interested in casual learning opportunities, you can get started, and in some cases complete your degree, right here in PA.

## **Learn where you live**

The University of Saskatchewan (uSask) has been offering classes in Prince Albert for many years, and students here have access to the same high level of instruction and programming uSask is known for throughout Saskatchewan and beyond.

uSask is continually investing in a 'learn where you live' approach, opening doors to education to many students who may not otherwise be able to access post-secondary study opportunities, or who simply find it more convenient, economical and personally rewarding to study closer to home.

Get in touch with a uSask advisor or visit [admissions.usask.ca](https://admissions.usask.ca) to explore all of the programs that uSask has to offer, both in PA and on our main campus in Saskatoon.

A close-up photograph of a hand pointing towards a blurred group of students in a classroom. The hand is wearing a black watch with a white face. The background shows several students sitting at desks, looking towards the camera.

## On-site learning support

Student orientation, writing workshops and tutorials for biology, chemistry and statistics are available free for students taking uSask classes at the Prince Albert campus. The University of Saskatchewan's Distance Education Writing Centre also provides tools and support to help you write effective essays, reports or reviews.

# YOUR USASK EXPERIENCE

Through partnerships with other Saskatchewan post-secondary institutions, uSask students in Prince Albert have opportunities to learn in a variety of academic environments that are enriched with information technology and support.

## **uSask Prince Albert Campus**

Apply for admission and complete your first year in **Agriculture and Bioresources, Arts and Science or Education**. Complete your **pre-professional first year of Nursing** or take one to two years of classes you can transfer to another uSask degree program or use toward the admission requirements of professional programs. You can also complete a Bachelor of Arts degree in English or Sociology.

Classes are offered in the Academic Building of Saskatchewan Polytechnic, Prince Albert Campus, where you have access to labs, tutorial centres, a library and fitness facilities.

1-844-966-6269 (toll free, ext 3)

## **Saskatchewan Urban Native Teacher Education Program (SUNTEP)**

SUNTEP is a four-year **Bachelor of Education** program collaboratively offered by the University of Saskatchewan, the Gabriel Dumont Institute and the Ministry of Education.

SUNTEP-Prince Albert focuses on elementary/middle years education, offering a holistic approach with emphasis on Métis and Indigenous history and culture.

Field experiences begin early in your program and continue through to graduation. Classroom experience includes—but is not limited to—urban centres, rural communities, northern schools, First Nations schools and the Catholic School Division.

Programs are located at the Gabriel Dumont Institute.

48 12th Street East  
Prince Albert, SK S6V 1B2  
306-764-1797

A close-up photograph of a student with dark hair, wearing white earbuds, looking through the eyepiece of a black and white compound microscope. The student is wearing a dark jacket. The microscope is positioned on a white lab bench. The background is blurred, showing other lab equipment and a blue object. The lighting is soft and focused on the student and the microscope.

## Common visiting students

University of Saskatchewan, University of Regina and Saskatchewan Polytechnic students can take classes offered by any Saskatchewan partner institution, including distance and off-campus classes. If you have a letter of permission from your home institution and would like to take uSask classes with the intent of transferring credit back to your degree program, talk to a uSask advisor for more information.

# STUDENT SUPPORT

## Flexibility

Starting your degree in Prince Albert can offer a great deal of flexibility in terms of balancing your studies with work and family. uSask works collaboratively with the University of Regina and Saskatchewan Polytechnic to provide easy options for transfer credits. See Common Visiting Students information at [admissions.usask.ca](https://admissions.usask.ca).

## Focused Support

Program and career counselling, essay writing support, course-focused group discussions and tutoring are all available. Whether you are a new student easing into university or someone working toward completing your degree, support for uSask programs in Prince Albert is tailored to your experience and needs.

## Personalized Instruction

Classes offered in Prince Albert are often smaller than those offered on the main campus in Saskatoon, creating more opportunities for one-on-one interaction with your instructors and tutors.

## Qualified Instructors

Instructors, lab demonstrators and tutors meet academic requirements and are approved by the University of Saskatchewan. Your instructor could be someone from your community, someone who travels or someone who teaches from the main campus via online, live-streamed or multi-mode delivery.

## Workshops and Tutorials

Student orientation and information sessions are held each fall. Students at the Prince Albert campus located in the Academic Building of Saskatchewan Polytechnic can take advantage of free writing workshops, as well as biology, chemistry and statistics tutorials, throughout the year.

## Writing Support

Need some help with essays? The University of Saskatchewan's Distance Education Unit provides tools and support to help you write more effective essays, reports or reviews. This service is free and available for Prince Albert students taking classes at the University of Saskatchewan Prince Albert campus.

## Financial

You can save on costs of living by not having to relocate to Saskatoon. As a uSask student in Prince Albert, you are eligible for scholarships and awards. Hundreds of awards are administered by the University of Saskatchewan and even more exist nationally. Search [usask.ca/awards](https://usask.ca/awards) for award listings.

## Advising

Local advisors are available at uSask Prince Albert locations to assist you in exploring your education and career options. In addition, you also have access to your uSask college advisor located at the Saskatoon campus. See [admissions.usask.ca](https://admissions.usask.ca) for a complete list of academic and on-site advisors.

"I prefer the smaller classes at the Prince Albert Campus. I like that my instructors know me. I'm not just a face in the crowd."

# READY TO APPLY?

## Admission requirements

Find up-to-date admission requirements online at: [admissions.usask.ca](https://admissions.usask.ca)

## College of Agriculture and Bioresources

- Graduation from high school or secondary-level standing

A minimum five-subject admission average of 70% for high school students or 60% for post-secondary transfer students for:

- Bachelor of Science in Agribusiness
- Bachelor of Science in Agriculture
- Bachelor of Science in Renewable Resource Management
- Diploma in Agribusiness
- Diploma in Agronomy

An early admission average of 85% or expected target average\* of 80%, based on a competitive ranking, for:

- Bachelor of Science in Animal Bioscience

- The following required subjects\*\*:

Bachelor of Science in Agriculture; Bachelor of Science in Animal Bioscience; Bachelor of Science in Renewable Resource Management; Diploma in Agronomy

- Mathematics
- Biology
- Chemistry

Bachelor of Science in Agribusiness; Diploma in Agribusiness

- Mathematics
- Biology or Chemistry or Physics

- English language proficiency

\*Admission is based on a competitive ranking; expected target average provided for reference only.

\*\*Applicants may be admitted with one subject deficiency that must be cleared before the second year of study.

## College of Arts and Science

In general, to gain admission to the College of Arts and Science, you will need the following:

- Graduation from high school or secondary standing
- A minimum admission average of 70% for high school students, or 60% for post-secondary transfer students
- Grade 12-level mathematics\*

\*Applicants may be admitted with a mathematics deficiency but are encouraged to consult the college upon admission to plan how to clear the deficiency.

- English language proficiency

## Conditional admission

If you are in progress of completing these requirements, you can be considered for early or conditional admission.

## Transition Program

If you do not meet the regular requirements for admission and you are under the age of 21, you may be considered for the Transition Program.

## Special (mature) admission

If you do not meet the regular requirements for admission and you are aged 21 or older, you have the opportunity to apply for special (mature) admission.

## College of Education

In general, to gain admission to the four-year Bachelor of Education program offered by the College of Education, applicants will require the following:

- Graduation from high school or secondary standing
- An early admission average of 80% or expected target average of 70%, based on a competitive ranking, calculated using marks for five acceptable Grade 12 (senior-level) subjects
- Required Grade 12 (senior-level) subjects\*:
  - natural science: biology or chemistry or physics or geology
  - social science: history or social studies or native studies
  - language (other than English) or fine or performing art
  - mathematics

An applicant is permitted to be deficient in two of these subject areas. If admitted, students must clear any deficiencies before entering the second year of study.

\*High school prerequisites are not required for students with 18 credit units or more of transferable post-secondary coursework.

- English language proficiency

## SUNTEP

For admission requirements and application information, visit [admissions.usask.ca/suntep.php](https://admissions.usask.ca/suntep.php)

## Pre-professional Year of Nursing

At the University of Saskatchewan, your pre-professional year courses can be completed in the College of Arts and Science.

While not required for admission, high school prerequisites for pre-professional year courses include the following Saskatchewan curriculum subjects, or equivalents:

- English A30 and B30
- Chemistry 30
- Biology 30
- Foundations of Mathematics 30 or Pre-Calculus 30 or Mathematics B30 or Mathematics C30

## Bachelor of Science in Nursing

You should apply to the College of Nursing to enter Year 2 of the degree program while completing the pre-professional courses in Year 1.

Admission to Year 2 is competitive; applicants are ranked according to average and the top candidates are selected.

Your pre-professional courses must be completed before April 30 of the application year for entrance into the College of Nursing, and you will need to attain a minimum weighted average of 60% in the 30 credit units\* of required pre-professional courses to apply.

\*One subject deficiency in Nutrition, Indigenous Studies, Statistics or a Social Science elective is permitted. However, for the admission average calculation, a grade of 50% will be assigned in place of a mark for the deficient course. If you are admitted with a deficiency, you will need to complete the class by December 31 of the year you are admitted.
