When asked what she enjoyed most about U-Bridge, May says, “It’s that at one time you can have two experiences!”

May, who is a 3rd year student in the Bachelor of Commerce in Marketing program in the Edwards School of Business, enjoyed improving her English skills while also learning what it feels like to attend lectures and do assignments.

“When I entered into university in my first year,” she says, “I didn’t feel any confusion or nervousness because I had already experienced two classes while I was in U-Bridge.”

“If you are thinking about it, that means it’s a good idea to take it. Attending U-Bridge helps you a lot.”
