| ▪ Nutrition | ▪ Veterinary Medicine | |

BENEFITS OF STUDYING @NORTHLANDS COLLEGE

PRE-ENGINEERING AND SCIENCE (PRES)

Northlands College and the University of Saskatchewan (USask) have partnered to provide residents of northern Saskatchewan the chance to begin science and engineering programming at home, leading to a variety of degree program opportunities from environmental programs to nursing, and more.

FLEXIBILITY

Starting your degree closer to home is a great way to ease your transition to university. As a USask student living in your home community, you can enjoy more flexibility in balancing your studies with work and family life.

FOCUSED SUPPORT

In addition to support services available to all USask students, individualized program and career counselling, essay writing support, course-focused group discussions and tutoring are all available at Northlands College.

PERSONALIZED INSTRUCTION

Classes at Northlands College are smaller and provide more one-on-one interaction with instructors and tutors. Classes are delivered face-to-face, fully online, live streamed or a combination of these options.

SAVE MONEY

By studying closer to your home community, you can save significantly on living costs. And, as a full-time USask student at an off-campus site, you can apply for both USask scholarships and bursaries, as well as awards offered by Northlands College.

NEXT STEPS

- Talk to a USask advisor
- Meet with the local advisor at Northlands College
